About Us

We are committed to providing products that meet the industry standards.

FC IS EYEING AT TOP CIVIL, MECHANICAL, ELECTRICAL, PLUMBING, IT, OSP, AND ISP — SUPPLY & APPLY AND EQUIPMENT RENTAL.

FC, one of the visionary suppliers of high-quality Civil, Mechanical, Electrical, Plumbing, IT, OSP, and ISP in Saudi Arabia. With a steadfast commitment to excellence and innovation, FC is at the forefront of the industry, offering a comprehensive range of products and solutions designed to meet the diverse needs of our clients.

Founded with a vision to revolutionize the supply chain in the mechanical and electrical sectors, FC has grown into a trusted name, known for delivering superior quality and reliability. Our extensive inventory features the latest advancements in technology and materials, sourced from top manufacturers around the globe. Whether you are involved in construction, manufacturing, infrastructure, or any other industry, our products are designed to ensure the highest performance and durability.

OUR VISION

Our vision is to be the leading one window solution provider Civil, Mechanical, Electrical, Plumbing, IT, OSP, and ISP - Supply & Apply and Equipment Rental in Saudi Arabia, distinguished by our reliability, expertise, and commitment to industry excellence.

Aligned with Saudi Arabia's Vision 2030, we aim to support the nation's goals of economic diversification and sustainable development.

By delivering innovative solutions and fostering lasting partnerships, we strive to drive progress and meet future challenges, ensuring that FC remains at the forefront of the industry and a key contributor to the country's growth.

VISION

To be the premier provider of metal, mechanical and electrical materials in Saudi Arabia. We aim to drive industry excellence through advanced solutions and exceptional service.

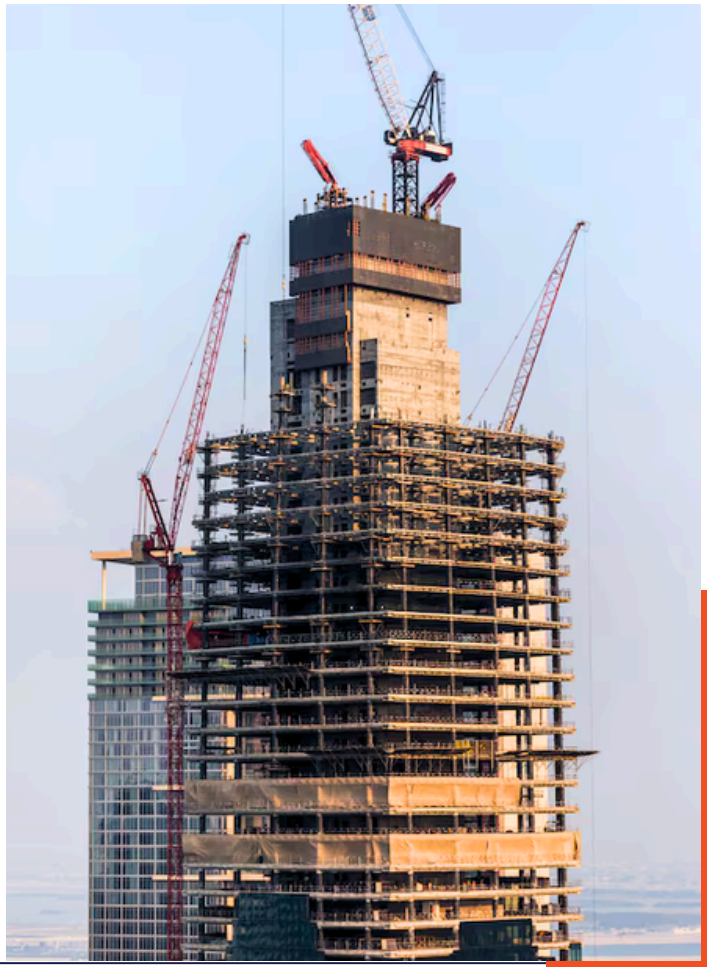

MISSION

Our mission is to deliver superior metal, mechanical and electrical materials that empower our clients to achieve their goals.

OUR COMMITMENT TO EXCELLENCE & INNOVATION

Recognizable for our unwavering commitment to quality, innovation, and high-end customer satisfaction, we at FC are dedicated to setting and advancing industry standards. Our approach is rooted in leveraging deep expertise and extensive experience to deliver products and solutions that not only meet but exceed expectations.

We continuously foster innovation, embracing the latest technologies and methodologies to ensure our offerings are at the forefront of the industry. This commitment to advancement is reflected in the high levels of quality and reliability that define every product and service we provide.

OUR VALUES

We uphold excellence and integrity, drive innovation, and prioritize customer satisfaction while embracing sustainability and collaboration.

Together, we foster a culture of continuous growth, empowering our people to achieve their fullest potential.

Our commitment extends beyond business, creating lasting value for our clients, communities, and the environment.

OUR VALUES ARE:

01

Excellence:

We strive for the highest standards in every aspect of our work, ensuring our products and services consistently exceed expectations.

02

Integrity:

We conduct our business with honesty and transparency, building trust and fostering long-term relationships with our clients, partners, and employees.

03

Innovation:

We embrace new ideas and technologies, continuously improving our offerings to meet the evolving needs of our industry and enhance our clients' success.

04

Customer:

We are dedicated to understanding and addressing the unique needs of each client, providing tailored solutions and exceptional service to ensure their satisfaction.

CEO'S STATEMENT

It is with great pleasure that I welcome you to Future Click - FC, a leading company specializing in Civil, Mechanical, Electrical, Plumbing, IT, OSP, and ISP - Supply & Apply and Equipment Rental in the Kingdom of Saudi Arabia. Since our establishment, we have been committed to delivering high-quality products and services that meet the diverse needs of our clients in various industrial and commercial sectors.

At FC, we believe that success is built on excellence, innovation, and a relentless focus on customer satisfaction. Our strong relationships with global suppliers and partners enable us to provide comprehensive mechanical solutions that support our clients' projects and contribute to their success.

As we move forward, aligned with the Kingdom's Vision 2030, we remain dedicated to supporting sustainable development by offering reliable and efficient mechanical solutions that enhance infrastructure and local industries.

Our commitment to excellence, speed, and reliability is at the core of everything we do, ensuring that we remain a trusted partner to all our clients.

Malik Iftikhar CEO
Future Click Company — FC

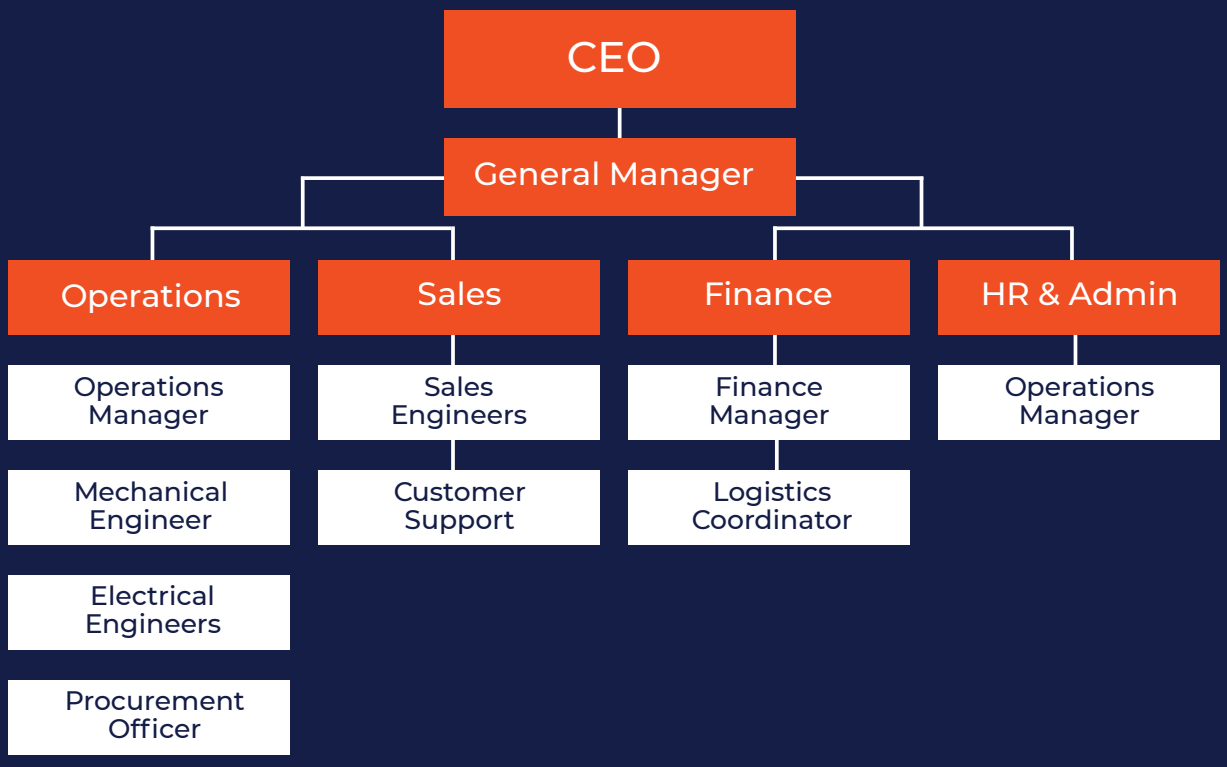

OUR STRUCTURE

At FC, our organizational structure is built to ensure efficiency, accountability, and collaboration across all levels. Led by our Executive Management, the company's operations are strategically aligned with our mission to deliver excellence and innovation.

The Operations Department oversees daily activities, ensuring timely project execution and optimal resource utilization, while the Finance and Accounts team manages budgeting and financial integrity to support sustainable growth.
Our Sales and Marketing division drives business development and client engagement, strengthening our market presence. The Human Resources department fosters a positive work culture, emphasizing employee growth and development.

In addition, our Procurement and Supply Chain team ensures smooth sourcing and logistics, maintaining quality and cost efficiency. Supporting all functions, our Quality Assurance division upholds our high standards and commitment to continuous improvement.

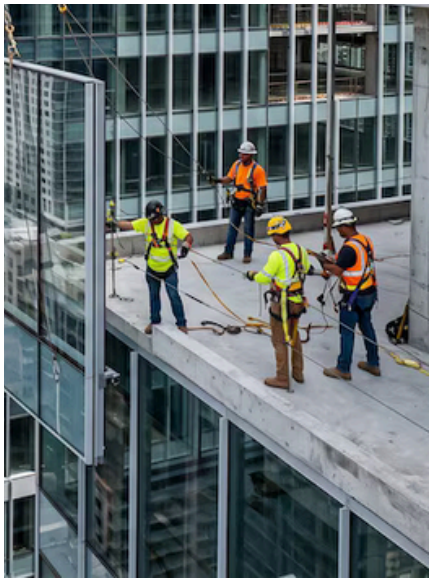

Together, these departments form a cohesive structure that empowers FC to achieve its goals with professionalism and integrity.

SERVICES

With extensive experience and a deep understanding of the metal, mechanical and electrical materials market, we are a leading trading company providing high-quality products and solutions to meet diverse client needs.
Our skilled team leverages a global network of suppliers and manufacturers to source innovative and reliable materials. We are committed to addressing the specific requirements of each customer, ensuring tailored solutions that drive success and exceed expectations.

INNOVATING SOLUTIONS, ENSURING EXCELLENCE

At the heart of our success lies a profound expertise in trading metal, mechanical and electrical materials. Our team combines years of specialized market knowledge with a passion for sourcing innovative and reliable products.

We excel in understanding complex industry demands, ensuring we provide tailored solutions that meet the specific needs of our clients. By staying ahead of market trends and continuously enhancing our sourcing capabilities, we ensure our clients benefit from the latest advancements and the highest standards of quality in the industry.

Our dedication to continuous improvement, efficient sourcing and professional excellence positions us as a trusted partner in the mechanical and electrical trading industry.

OUR EXPERTISE

Civil Works: At Future Click (FC), our Civil Works Division delivers structural and infrastructure solutions that ensure stability, durability, and seamless project execution.

Mechanical Works: At FC, our Mechanical Division provides comprehensive mechanical system solutions designed to enhance operational efficiency, safety, and reliability.

Electrical Works: Our Electrical Division at FC offers fully integrated power and electrical infrastructure solutions that support functionality, safety, and energy efficiency.

Plumbing Works: At FC, our Plumbing Division delivers efficient and compliant water supply and drainage solutions tailored to meet project-specific demands.

IT Systems: Our IT Division provides advanced technology infrastructure solutions that enhance connectivity, data flow, and digital performance across organizations.

OSP/ISP (Outside & Inside Plant): At FC, our OSP/ISP Division delivers comprehensive communication infrastructure solutions that ensure seamless connectivity across both outdoor and indoor environments.

FC delivers integrated Civil, Mechanical, Electrical, Plumbing, IT, OSP, and ISP solutions that support dependable infrastructure, seamless connectivity, and efficient project execution across all sectors. With engineered precision and multidisciplinary expertise, reliable solutions are delivered.

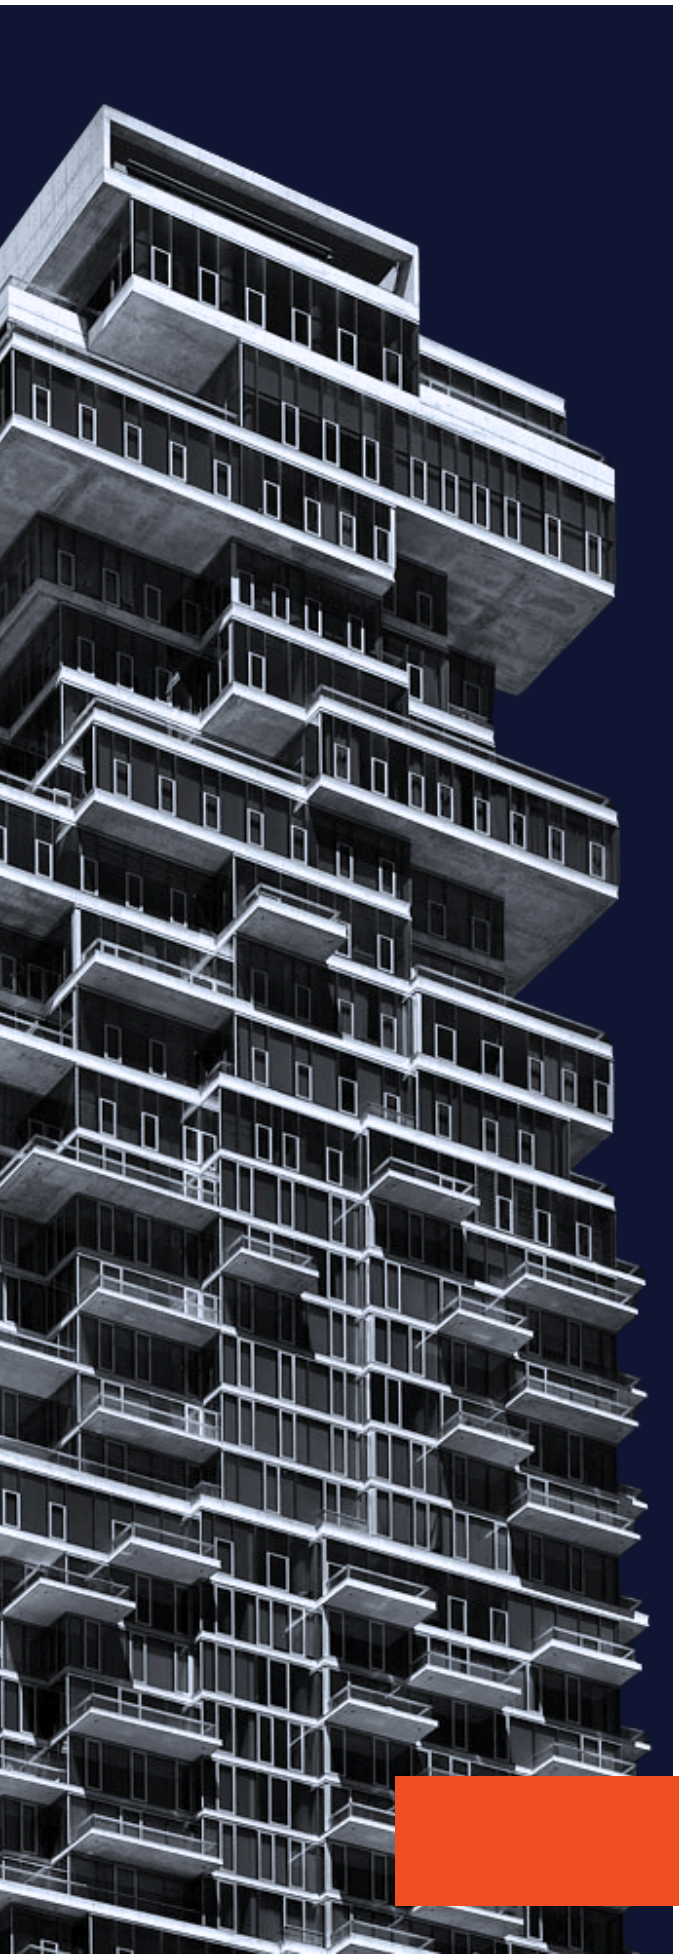

SCOPE OF WORK

At Future Click (FC), our scope of work covers a broad spectrum of engineering, structural, and infrastructure projects across the Kingdom. We take pride in offering end-to-end solutions that include design, fabrication, supply, and installation — ensuring seamless execution and superior quality at every stage.

Our multidisciplinary expertise allows us to undertake projects of varying scale and complexity, from industrial developments and commercial hubs to iconic high-rise structures and specialized facilities.

We emphasize safety, precision, and innovation in all our operations, aligning each project with the highest engineering standards and client expectations. Through advanced technologies, skilled manpower, and efficient project management, we consistently deliver results that stand the test of time.

FC's approach is driven by a commitment to excellence and a deep understanding of each client's vision, transforming ideas into durable and impactful structures that shape communities and drive progress across the Kingdom.

CIVIL WORK — SCOPE OF WORK

At Future Click (FC), we take pride in our diverse project portfolio that spans multiple sectors across the Kingdom. Our commitment to quality, precision, and innovation enables us to deliver reliable metal and structural solutions tailored to meet the unique requirements of each project.

INDUSTRIAL PROJECTS

We deliver specialized metal and structural solutions for industrial sectors ensuring maximum safety, efficiency, and durability in every project.

BRIDGES & TOWERS

Our proven expertise in building complex bridges and towers demonstrates our ability to provide robust and reliable infrastructure for transportation and communication networks.

HIGH-RISE BUILDINGS

With strong structural engineering capabilities, we contribute to the construction of iconic high-rise buildings that combine strength, functionality, and architectural elegance.

We design and support the development of large-scale commercial spaces, integrating practicality and aesthetics to create vibrant environments for businesses and shoppers alike.

INFRASTRUCTURE & UTILITIES

We provide comprehensive solutions for essential infrastructure, including utilities and public facilities ensuring long-term performance, safety, and compliance with national standards.

AIRPORTS & TRANSPORTATION HUBS

Our team supports the development of advanced airport & transit structures, efficiency, & modern design to enhance connectivity & passenger experience.

EDUCATIONAL & INSTITUTIONAL BUILDINGS

We deliver reliable structural works for schools, universities, and government institutions, focusing on quality, sustainability, and user comfort.

ELECTRICAL — SCOPE OF WORK

At Future Click (FC), our Electrical Division delivers comprehensive solutions that ensure safety, efficiency, and reliability across all types of projects.

VENTILATION FANS

Advanced ventilation systems to ensure optimal air quality in buildings and facilities.

ELECTRICAL PANELS & WIRING

High-quality electrical panels and wiring solutions for safe and efficient power distribution.

AIR HANDLING UNITS AND HVAC SYSTEMS

Comprehensive air handling and HVAC solutions, including central and split systems.

FIRE ALARM & SAFETY SYSTEMS

Integrated fire alarm, detection, and emergency systems ensuring compliance with safety standards and operational reliability.

MECHANICAL & PLUMBING — SCOPE OF WORK

At Future Click (FC), our Mechanical Division delivers comprehensive solutions designed to meet the diverse needs of industrial, commercial, and infrastructure projects.

METAL FABRICATION & STEEL WORK

Design, fabrication, and installation of custom metal structures, hangers, supports, frames, and equipment enclosures tailored to project specifications.

PIPING SYSTEM

Supply and installation of industrial, chilled water, and plumbing piping networks, ensuring efficient flow, leak-proof performance, and durability

FIREFIGHTING SYSTEM

Design and installation of fire suppression and firefighting systems compliant with international safety standards and local regulations.

MAINTENANCE & TESTING

Comprehensive maintenance, testing, and commissioning services ensuring system reliability and long-term performance.

OSP / ISP / IT — SCOPE OF WORK

At Future Click (FC), our OSP/ISP/IT Division provides integrated communication and technology infrastructure solutions that support connectivity, security, and efficiency across all project scales.

OSP NETWORK

Design, installation, and maintenance of underground and aerial fiber-optic and copper networks for robust, high-speed connectivity.

ISP SYSTEM

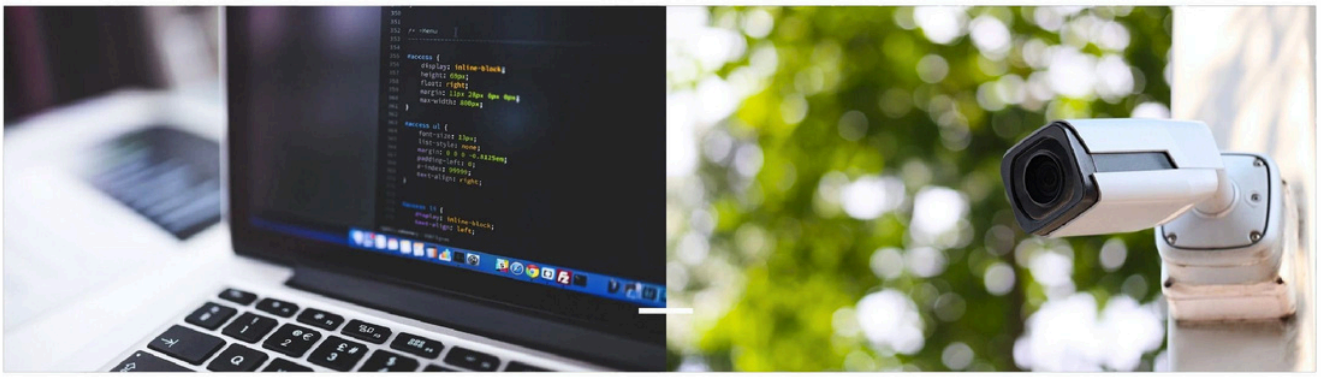

Complete in-building network infrastructure solutions, including structured cabling, racks, patch panels and equipment setup.

IT INFRASTRUCTURE

End-to-end IT network design, server configuration, and data center setup to ensure seamless digital operations.

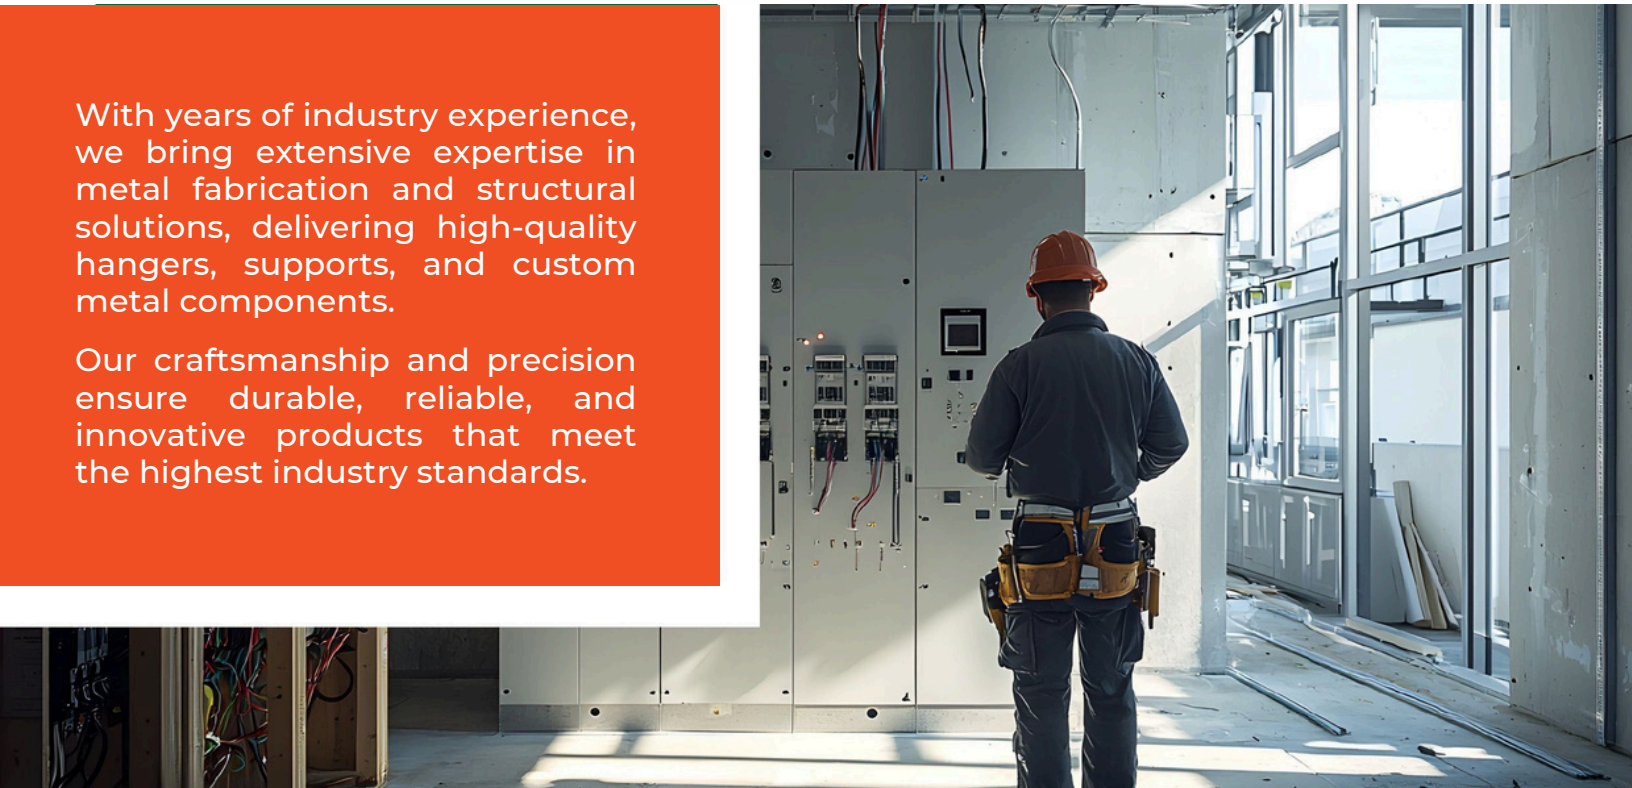

CCTV & SECURITY SYSTEM

Advanced surveillance, monitoring, and integrated security solutions that enhance safety and operational control.

With years of industry experience, we bring extensive expertise in metal fabrication and structural solutions, delivering high-quality hangers, supports, and custom metal components.

Our craftsmanship and precision ensure durable, reliable, and innovative products that meet the highest industry standards.

RENTAL EQUIPMENT FLEET

At Future Click (FC), our Rental Equipment Fleet Division provides reliable and well-maintained machinery and equipment to support construction, infrastructure, and industrial projects of all scales.
From heavy-duty earthmoving equipment to specialized tools and lifting machinery, we ensure the availability of high-performance assets that enhance productivity and safety on-site.
With a focus on quality, efficiency, and timely delivery, we help clients minimize downtime and optimize project execution through flexible rental solutions tailored to their operational needs.
